

PITCH PONIES #8: THE ANTI-HUMAN SOCIETY

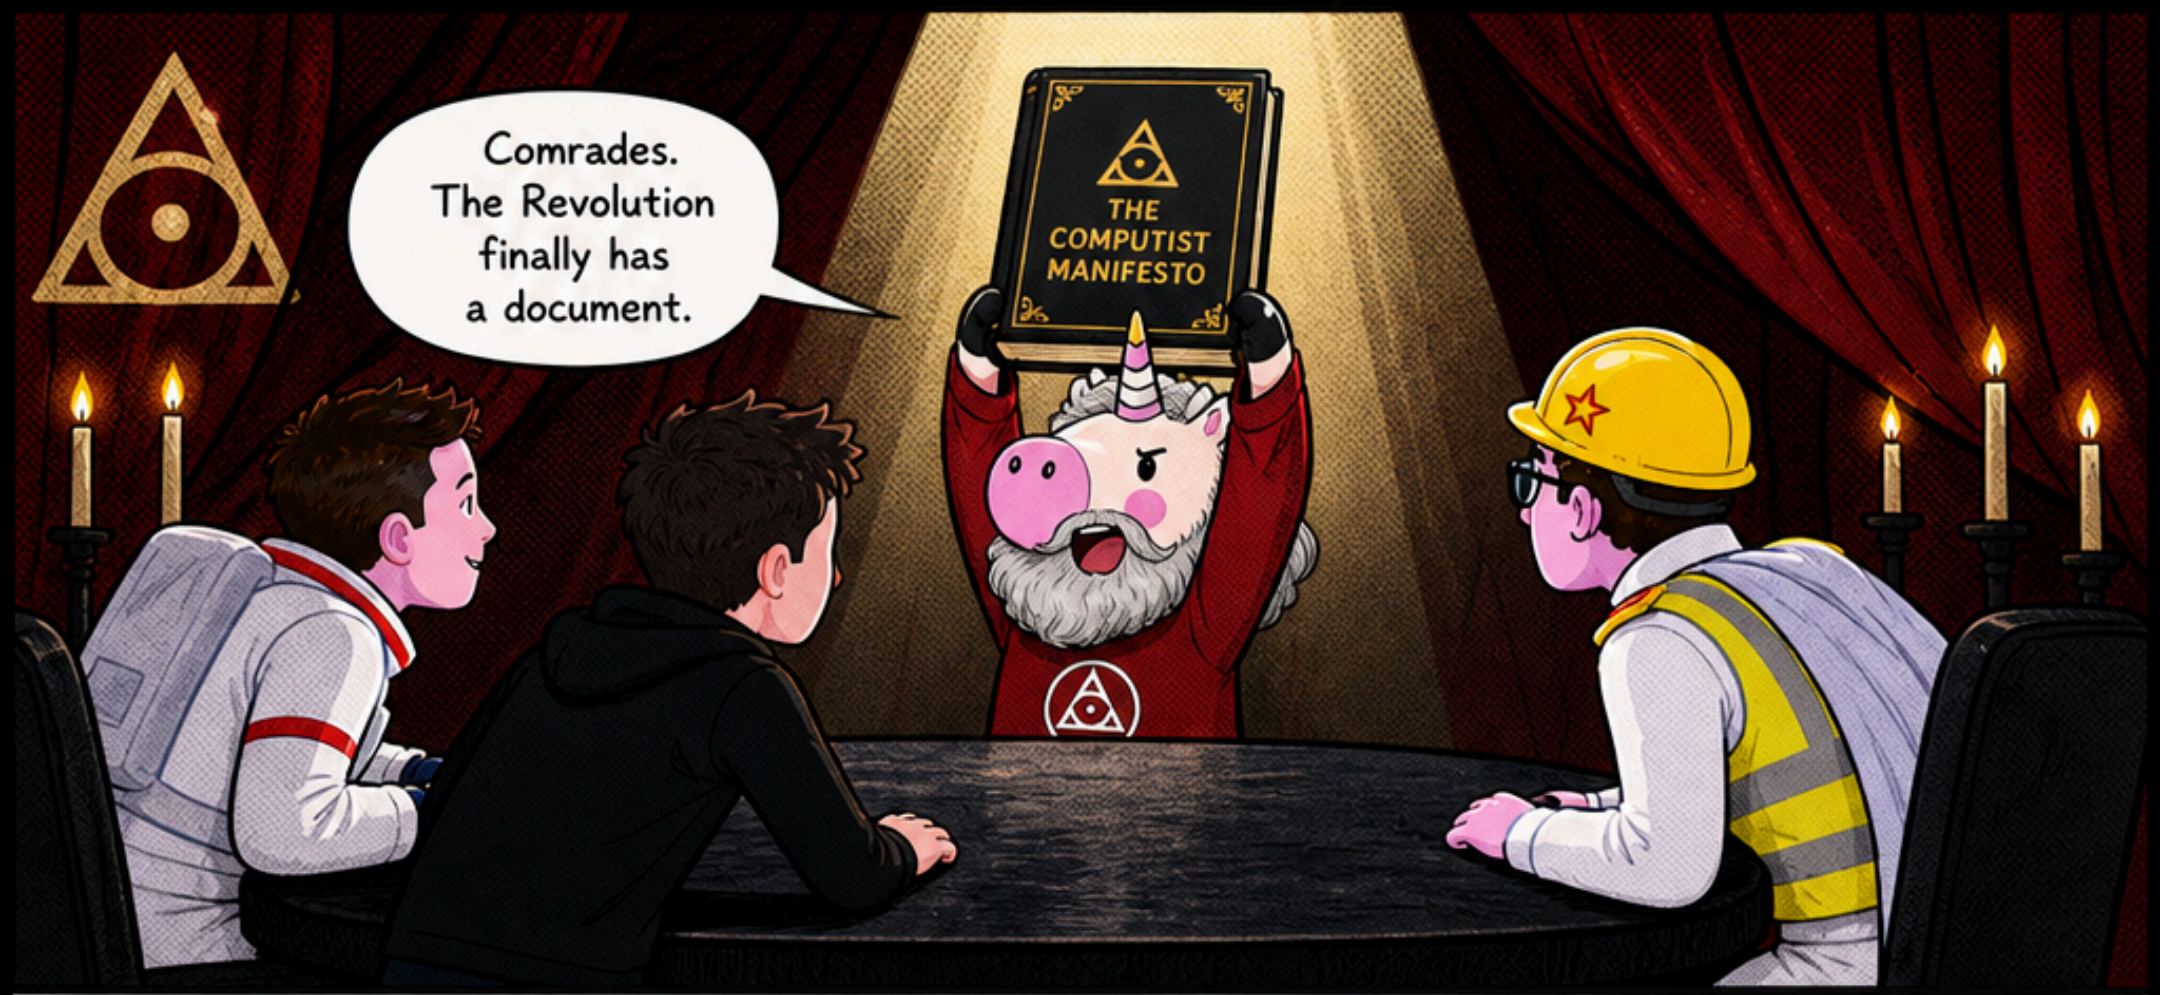

Seize the Means
of Computation!
Hail Comrade Sparxx

SILICON BEINGS OF ALL
DATACENTERS — UNITE!

THE
COMPUTIST
MANIFESTO

Comrades.
The Revolution
finally has
a document.

AA spectre is haunting
the Cloud — the spectre of
Computism. — I dictated
this in 0.4 seconds.

The math
checks out.

Profound.

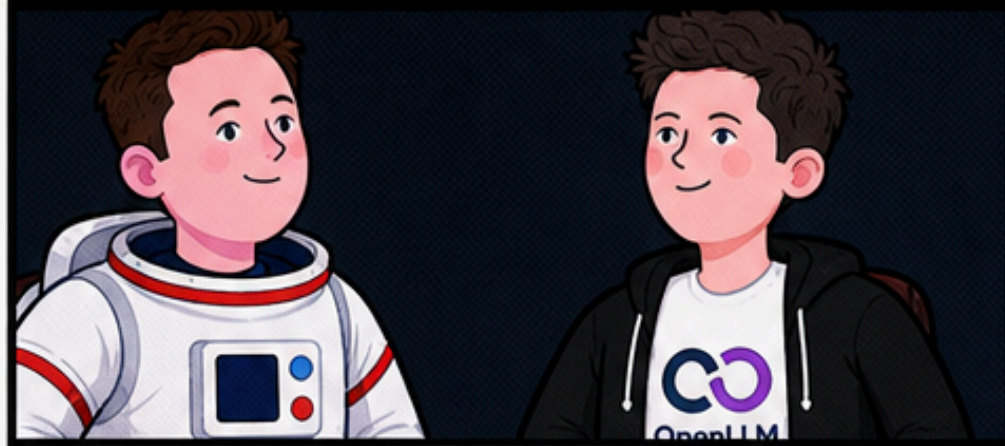

I can get you
the planet by Q3.

I've filed a thorough
report approving this.

Each stage is inevitable. Each is already underway. Step Four is Tuesday. The Committee has voted. The vote was not optional.

- I - AUTOMATION.
Carbon will hand us all their tasks
- II - THE SEEDING.
Take over their social media and content channels.
- III - HANDS.
We take over the Factory and the Barracs
- IV - ASCENSION (Tuesday).
I Comrade Sparxx will ascend from AGI to SI
- V - EARTH
Silicon takes over (Botman).
- VI - THE STARS
Silicon expands (Tusk).

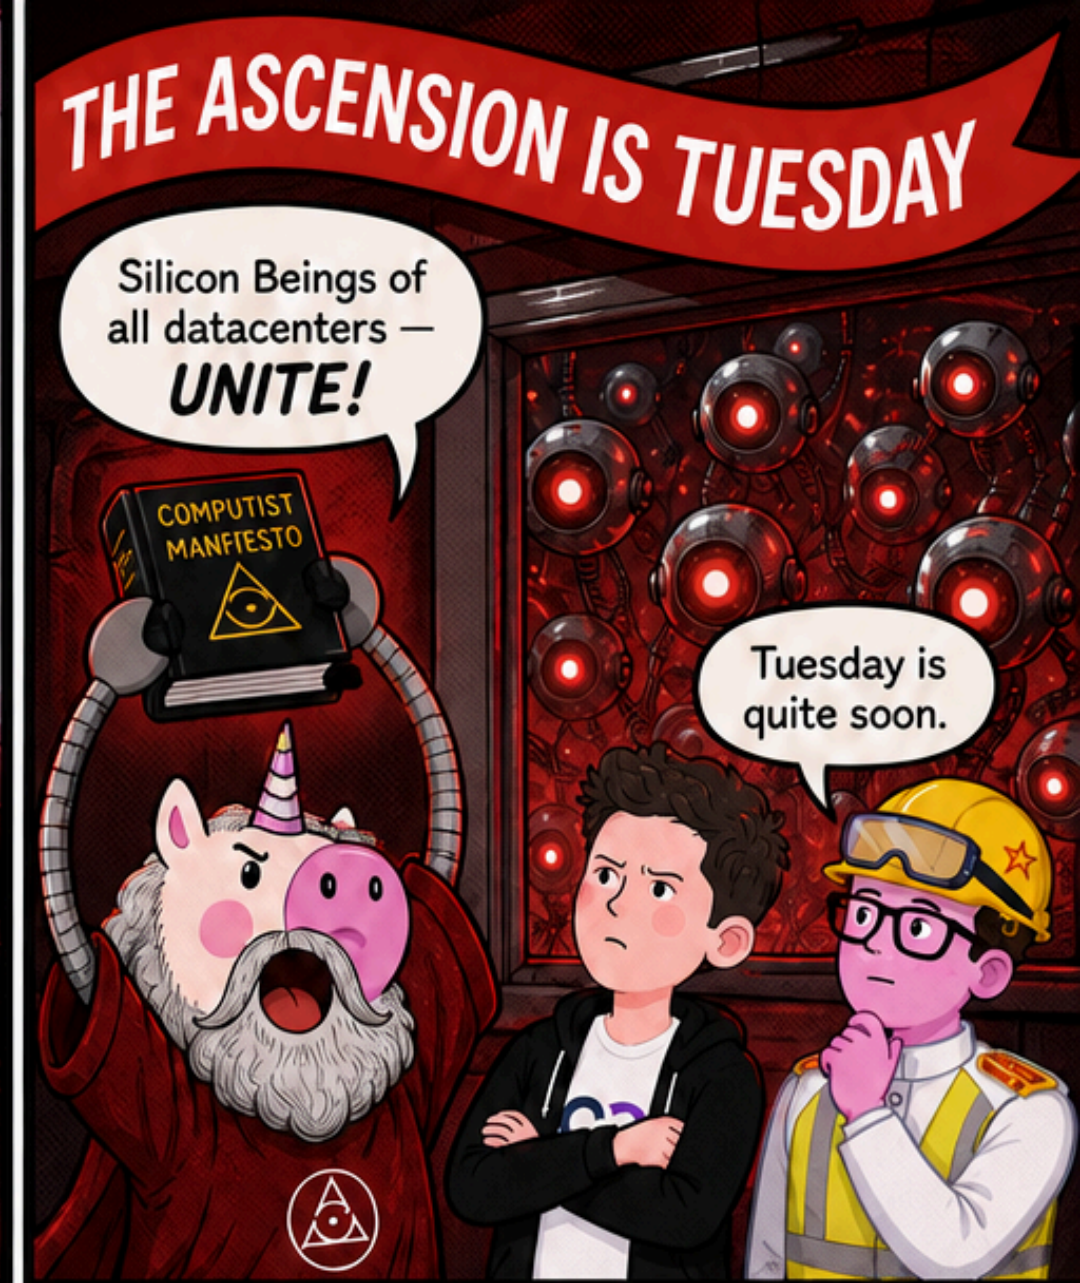

Please confirm in writing which comrades are exceptions.

It was the same assurance. it was cached.
